PREMIUM DOMAINS HIT A NEW HIGH

Radix premium domains opened 2026 with 4,424 new registrations, marking the strongest H1 on record.

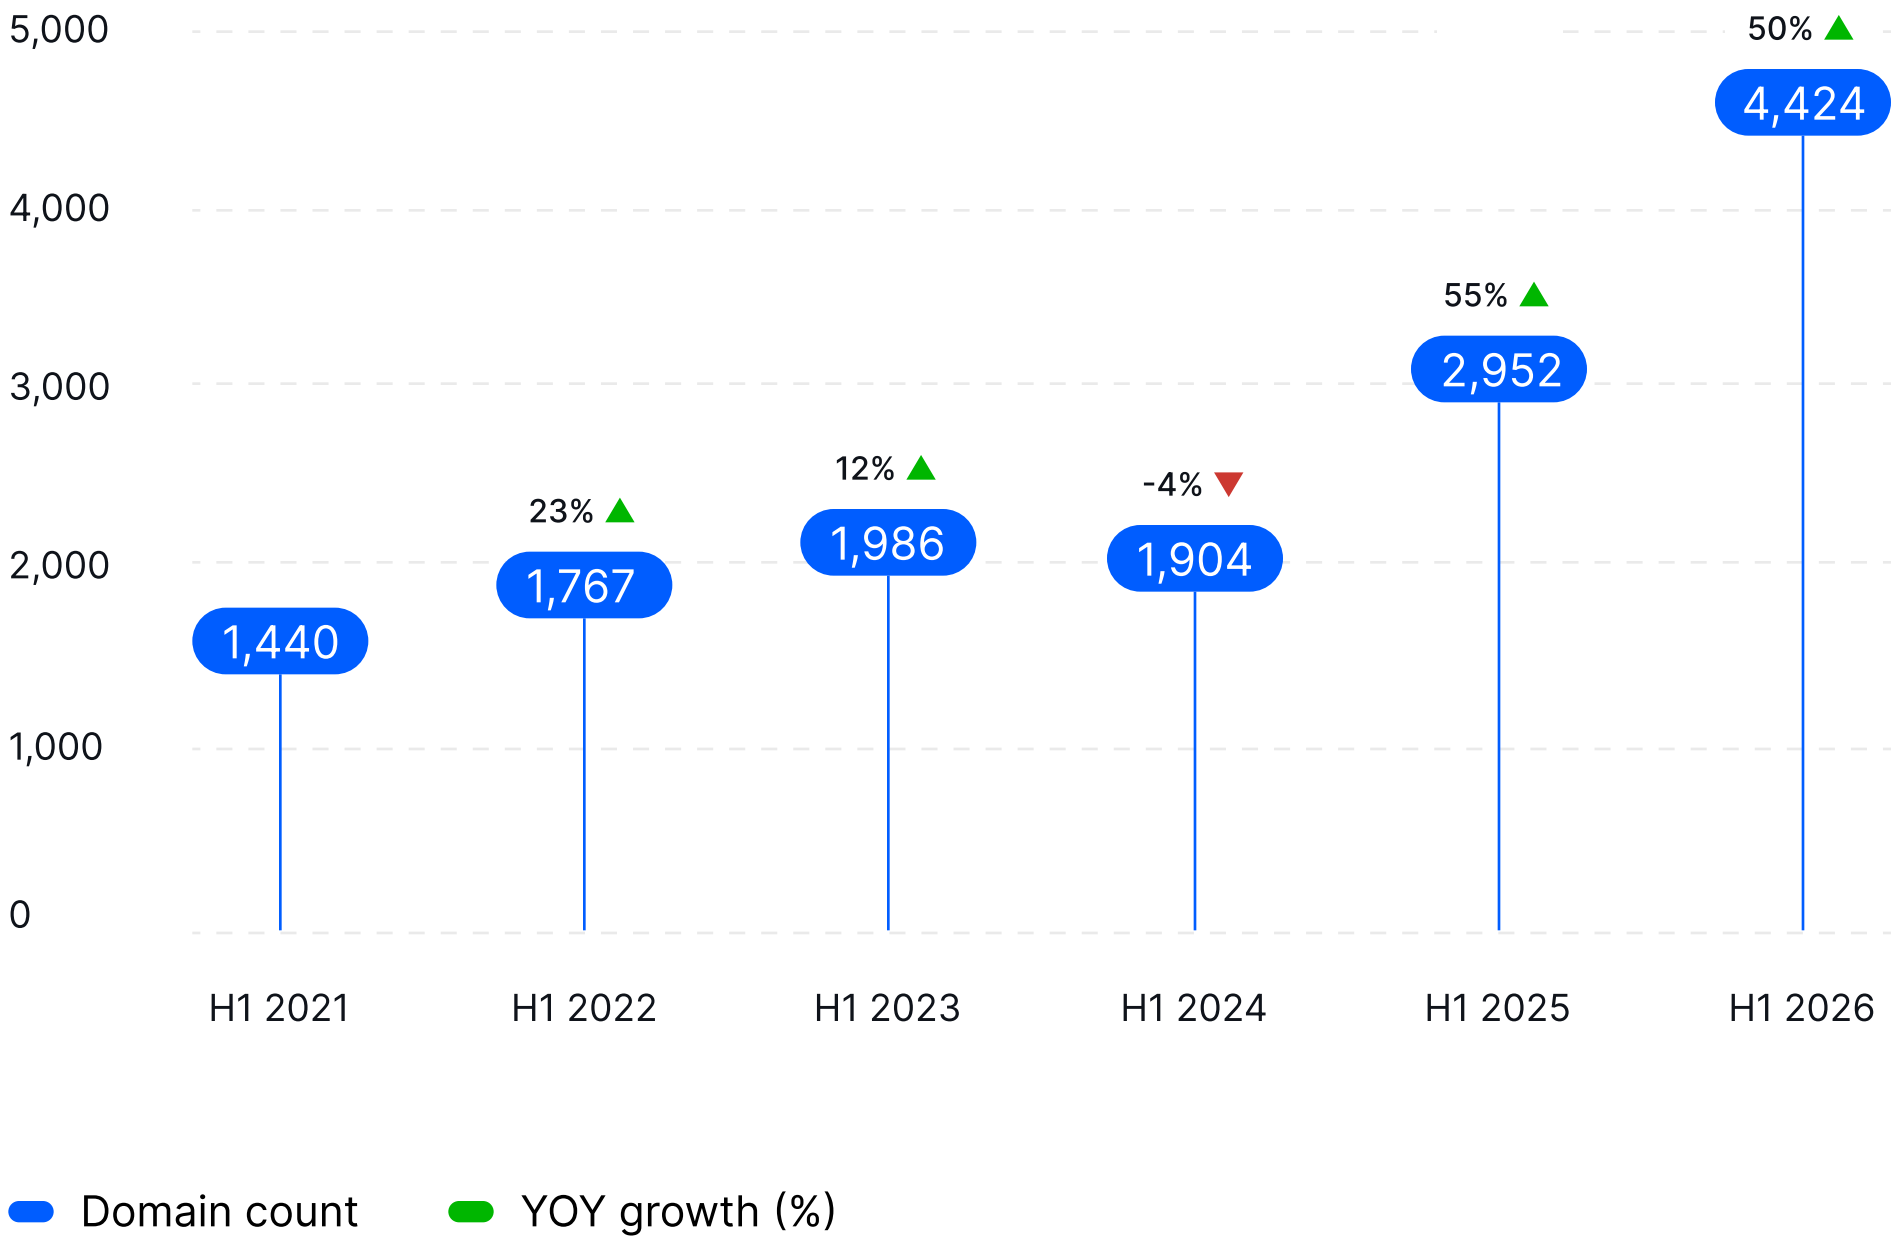

REGISTRATIONS ACROSS PRICE POINTS

- 112 registrations at \$ 5,000/year
- 37 registrations at \$ 10,000/year
- 2 registrations at \$ 25,000/year

THE STEP-UP STAYED UP

Radix premium domains held last year's gains, with registrations edging up again in H1 2026.

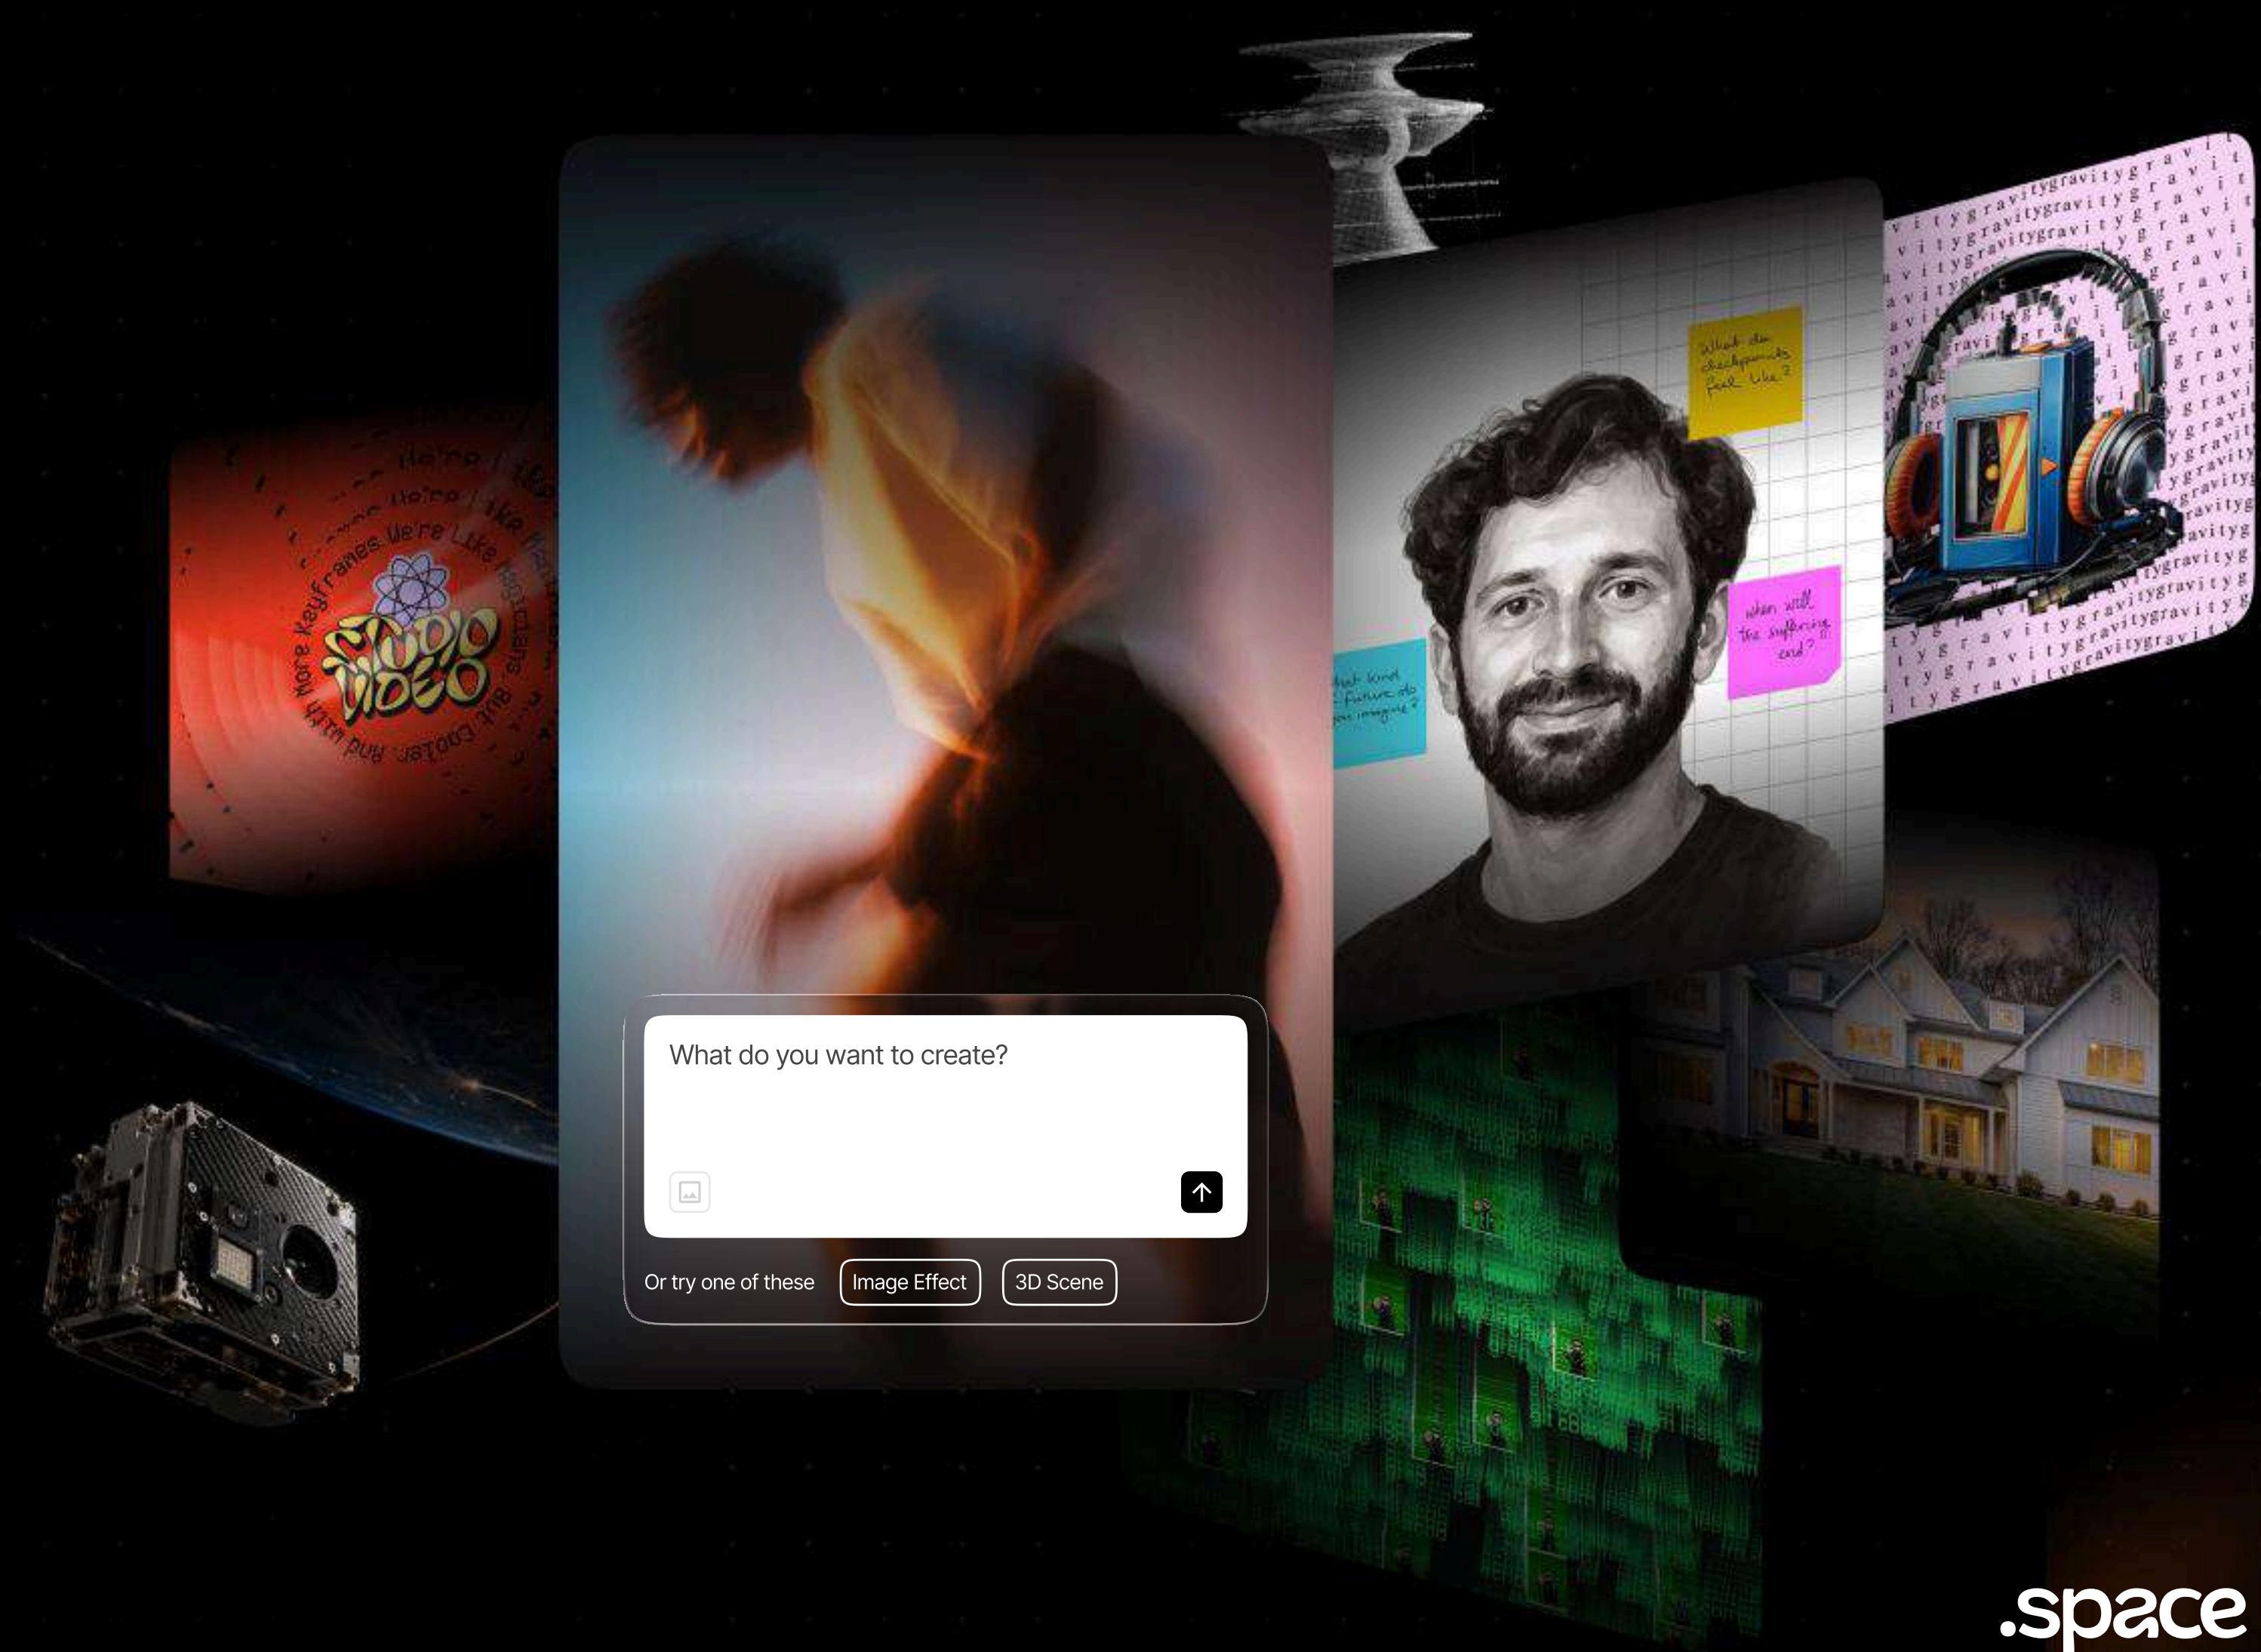

RADIX PREMIUM DOMAINS YOY GROWTH

MAKING .SPACE FOR WHAT'S NEXT

Some ideas are too early for a category. Some are too ambitious for one. They need space to test, build, and become something bigger.

From design tools and luxury interiors to education and space-tech, .space gives creatives a domain name that can grow with their idea.

What do you want to create?

INFINITE POSSIBILITIES FIND THEIR .SPACE

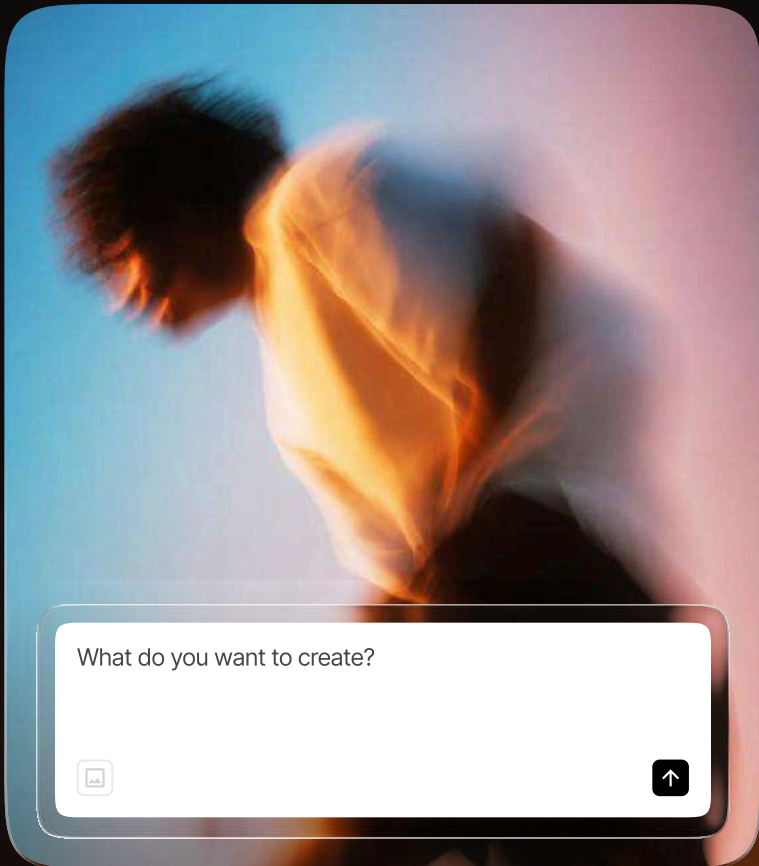

Some create with it. Some educate with it. Some take it all the way to orbit.
Together, these businesses show how far .space can go.

brik

brik.space is an AI creative platform built for creating, sharing, and using high-end interactive design tools.

brik.space

[CREATIVE AI]

etc.

etc.space designs, builds, and delivers rapid, low-cost spacecraft systems for LEO, GEO, and deep space missions.

THE MISSION IS .SPACE

For True Anomaly, .space is not a metaphor. It's the mission.

trueanomaly.space is home to a space-defense startup building spacecraft and software for defense operations.

With a **\$650M** Series D in 2026 and more than **\$1B** in total capital raised, it shows how a premium .space domain can carry a venture shaping the next frontier of defense.

FROM MEETIQM.COM TO IQM.TECH

IQM Quantum Computers (IQMX) made its Nasdaq debut as the first European quantum computing company listed on a major US exchange, following a transaction that valued the company at approximately **\$1.8B**.

It entered the public markets on **iqm.tech**, upgrading from meetiqm.com to an exact-match domain.

No extra words. No prefixes. Just **IQM** on **.tech**.
