Ok great Dave! - follow the instructions below for those as well..

We will put these up on our linguistic bid / inquiry landing page system. We can monitor traffic, click throughs, bids and interest and respond to those offers and try to get you some sales. This will help us with value indications and direct type in visitor leads to us.

Very Important: Please forward all email and phone inquires to me from the past and into the future - any and all that have contacted you about any of your names. Just forward those emails and inquiries to me ASAP as it will help with our marketing process while we are doing outreach.

As we get closer, we can see if any names make sense for any of our live and online auctions based on interest and reserve price adjustments during this time period. Any names that do not qualify for this auction will still be worked for sale on our platform through brokerage.

Please change your DNS / NameServers to: ns1.parkingcrew.net and ns2.parkingcrew.net

That will help us determine value. Let me know when the servers have been changed and we will load the names up.

The live and online auctions will take place here so you can sign up to be a bidder: <https://rotd.hibid.com/>

Please push the following names to our Moniker holding / escrow account:

Hello David,

Thank you for participating in our premium live and online digital real estate/domain name auctions! Funds for the domain **Intimacy.net** are now secured in escrow.

The next step is to begin the change of ownership/transfer process. The winning bidder has requested the domain be transferred to their own registrar using the standard process.

Please go to your registrar MONIKER and begin the transfer out process by requesting the authorization code and unlocking your domain. Please forward the authorization code to me and I will assist the winning bidder with the transfer in process.

Once we receive confirmation that the domain is in the winner's registrar account, we will be able to release your net to seller funds. Please make sure we have accurate bank wire information so that we can pay you once this is completed.

If you have sold multiple domains in the auction, we may wait to release your funds in batches once all your domains have processed. This will help avoid additional banking fees that you may be charged and is easier for accounting.

As a reminder, we are working on all unsold domains as well as all other domains that were submitted for auction through our brokerage. If you are interested in buying any unsold names from the auction, please let me know as we are selling them now.

If you have any questions or need assistance, please feel free to reach out to me.

We look forward to working with you in future auction and brokerage events through RightOfTheDot!
